

KANESUAN CHOMKING

Computer Engineering Student

Email: kanesuan.c@ku.th | GitHub: github.com/Kanesuan05 | Portfolio:
kanesuan05.github.io/my-portfolio

EDUCATION

- Bachelor of Engineering in Computer Engineering
Kasetsart University (Present)

SKILLS & INTERESTS

- Web Development: React, JavaScript, HTML5, CSS3, Node.js, Bun, Git
- Hardware & Systems: Custom PC Building, Hardware Diagnostics, Microcontrollers, System Architecture

PROJECTS

1. PC Builder & Compatibility Checker
 - Web application to configure custom PC builds and verify hardware component compatibility using React and JavaScript.
2. Hardware Monitor Dashboard
 - Real-time PC performance monitoring dashboard displaying CPU, GPU, and RAM analytics.
3. Custom Mechanical Keyboard Configurator
 - Web-based interface to program custom keymaps and RGB lighting on microcontrollers.

EXPERIENCE & HIGHLIGHTS

- 10+ Custom PC Builds (Assembly, hardware selection, and troubleshooting)
- - (ระบุประสบการณ์เพิ่มเติม เช่น กิจกรรมมหาวิทยาลัย หรือ การแข่งขัน)
- - (ระบุใบรับรอง / Certificate หากมี)
